Dear Mr. Walker-Kierluk:

Thank you for your May 30, 2017 email regarding the reciprocal exchange of motorcycle licences between Alberta and France. As Ministerial Assistant to Honourable Brian Mason, Minister of Alberta Transportation, I am able to provide the following information.

As Alberta Transportation advised you in December 2016 and January 2017, Alberta is open to the possibility of renegotiating our current reciprocal agreement with France, should the project be deemed feasible by both jurisdictions.

Alberta Transportation has reached out to the Consulate General of France to seek France's opinion on the matter. The department has not yet received a response. If France is also open to renegotiating the agreement to include motorcycle licences, Alberta Transportation will begin that process.

I appreciate your sharing your concerns and hope this information is helpful.

Sincerely,

Jennifer D. Burgess
Ministerial Assistant
